**Education:**

Morgan State University  
Major: Computer Science  
Sophomore  
Current 3.5 GPA

**Skills:**

- Intermediate in Python programming language
- Beginner in C++ language
- Proficient in Microsoft Office
- Cisco Administration Course 1 and 2
  - Completed May 2017

**Project Experience:**

- COSC 111 Final project
  - Snake game (Python)
  - For our final project, we had to build a game using python. The game dealt with a snake that would traverse a grid and eat food. If it ate the food, it would grow larger.
- COSC 112 Final Project
  - Bank Account (Python)
  - For our final project, we had to build a virtual bank. This bank acted as a regular bank account allowing you to deposit, withdrawal money, and use other bank functions.
- COSC 237 Midterm Project
  - Unscramble and Get Educated (C++)
  - For our Midterm project, we created a game that had a list of words that were scrambled. We then created functions to scramble those words and output it to the screen. We gave the user three attempts to unscramble. After those attempts, we displayed the correct spelling of the word along with facts and examples of that word.

**Extracurricular Activities:**

- The Society for the Advancement of Computer Science Programming Club (SACS) Programming Club
- Morgan Male Initiative on Leadership and Excellence

**Community Service:**

- Holy Trinity Summer Camp Counselor, 11902 Daisy Lane, Glenn Dale, MD 20769
  - June 2013 - August 2013, June 2016 – August 2016 (240 hours)
  - For 5 times a week, 8 hour days, for 3 weeks, each time period, I was a summer camp counselor. During these weeks, I was held responsible for my campers as we went on field trips with the whole camp.
- Elder Olympic Maryland Games, 3330 Northview Dr, Bowie, MD 20716
  - February 2014 (30 Hours)
  - I assisted the referees and did the concession stands. I also helped pick up trash during the program and broke down the equipment.
- Larkin Chase Center, 15005 Health Center Dr, Bowie, MD 20716
  - December 2015 (35 Hours)
  - I served food to the residents in the center. I also played games with the residents. Towards the end of my time serving, I filed paperwork for the center.
